Theory of Change

About the Theory of Change Section

The purpose of the Theory of Change is to provide external web links to files, documents and resources which may be useful to further explain those components included within the environment COSMOS has been applied to analyse.

> The Theory of Change section does not permit the uploading of files - this is reserved for the Documents section of COSMOS. The Theory of Change section of COSMOS is defined for handling external web links which may lead to documents, photos or other files.
